PROJECTS

Portfolio Website: www.burkepeterson.com
- Utilized Django to build a website highlighting programming skills by displaying a few projects and experiences.
- Created a website where users can login using Google OAuth API and add/remove stocks from a personal watchlist.
- Designed an employee information management site where users may create, view, update and delete employees.

EXPERIENCE

Zions Bancorporation   Salt Lake City, UT
Software Developer   July 2019 – January 2020
- Promoted to Software Developer after quickly proving the skill to master complex concepts and deliver results.
- Chosen to pilot Automation Anywhere as an RPA tool decreasing the time to release automation scripts by 2 days.
- Developed ETL processes using DataStage to move data for over 150,000 accounts to the new banking application.

Zions Bancorporation   Salt Lake City, UT
Data Analyst   May 2018 – July 2019
- Reduced time spent validating database tables transformation by 4 days using R, SQL, VBA and Python scripting.
- Assembled documentation related to data transformation of over 3,000 data elements to comply with audit standards.
- Designed automated scripts reducing 3 days worth of time needed to document and resolve data mapping anomalies.

City First Mortgage   Salt Lake City, UT
Mortgage Loan Officer   July 2017 – January 2018
- Increased mortgage leads 40% by collaborating with a team to launch and establish a new lead generation system.
- Built a client management application to improve interaction within the team and increase client retention by 15%.
- Validated client information to ensure 100% accuracy in compliance with multiple federal regulations and agencies.

Veterans First Mortgage   Salt Lake City, UT
Customer Service Representative   June 2017 – August 2017
- Utilized Salesforce to make ~20 outbound calls per hour pre-screening and verifying potential client's information.
- Maintained a high level of professionalism with clients while collecting 9 personal data points for their application.
- Exceeded weekly application goals 10% by successfully alleviating client concerns while complying with policy.
